

We open an account **HELP FOR UKRAINIAN REFUGEES**

Due to the current situation in Ukraine and the huge influx of war refugees, on behalf of myself and all the organizations, institutions and individuals who joined the spontaneous collection of humanitarian aid, I would like to thank all the donors.

According to the information from the media and local signals, the most expected is financial support.

Therefore I have decided to create a special deposit account at the Szamotuły Town and Municipality Office to which humanitarian aid can be transferred in cash.

For those who would like to help, please send donations on the account number:

Foreign transfers:
